

Hello and Welcome to Year 6

Our Curriculum Week this term is Science with a particular focus on scientific enquiry and subject specific vocabulary. In Year 6 we will be learning about the human circulatory system.

This project will be cross-curricular and, as such, the children will be learning and applying skills in English, Maths, Geography and Design and Technology.

There is a lot of information on our website and the World Wide Web, so please help your child with any research they may be interested in.

The theme for our assemblies this term is 'People who help Us'.

Important dates this term

Trips:

- Friday 27th March – Trip to the Imperial War Museum

Assembly:

- 6SG – Friday 14th February
- 6G – Friday 20th March

Reminders

- Thursday – Dance
- Friday – Outdoor Games

Please ensure that your child has a P.E. kit (navy blue shorts/tracksuit, a white t-shirt and trainers) for these days.

Homework

- Children should read every day for at least 20 minutes, sometimes independently and sometimes with an adult.
- A spelling word list is given out every Friday. Please help your child learn how to spell these words using the LOOK, SAY, COVER, SAY, WRITE, SAY, CHECK method. Sentences are written including these ten words and are handed in the following Wednesday.
- A Maths task is given out every Friday to be returned the following Friday.
- An English task is given out every Friday to be returned the following Friday.
- Book Reviews are prepared for presentations every half-term – a template is provided to support this. Please support your child with this. (N.B. No Book Reviews for Year 6 this half-term)

These tasks reinforce learning in school. Please support your child in completing these tasks. If they are taking too long or appear too difficult for your child, please let the teacher know.

For more information, please read the Homework Policy / Schedule on the website.
